

## **ECON 3397: Internship and Experiential Learning in Economics**

### **0-9 Credit Hours**

*Prerequisite: Admission to the Coles College Undergraduate Professional Program, ECON 2105, ECON 2106, and ECON 2300, approval of the Career and Internship Advisor (KSU Career Planning and Development), and a minimum GPA of 3.0.*

This course is designed to provide hands-on experiences and challenges to help students develop and improve their skills and problem-solving abilities. Prior to enrolling in this course, students are responsible for working with their Career & Internship Advisor to secure an approved internship position. Current and prior work experience does not qualify for credit. Graded assignments are required to receive credit.

Notes: This course will be graded on an S/U basis. This course may only be used in the Business Electives area of the BBA.

## **ECON 3478: Economics of Healthcare**

### **3 Credit Hours**

*Prerequisite: Any 1000 level MATH or STAT course, and Any 1000, 2000, or 3000 ECON course*

This course provides an overview of the structure of health care markets in the United States. Students will learn to understand the economic issues that mold the structure and evolution of the health care industry in the US and globally. Students will evaluate the impact of the health care system in the United States on the competing goals of broad access, high quality, and affordability. Students will also identify how consumers and providers respond to changes in incentives and develop an appreciation for opposing views on health care reform.

## **ECON 4210: Money and Financial Markets**

### **3 Credit Hours**

*Prerequisite: ECON 2105 and FIN 3100, 60 credit hours with a minimum GPA of 2.0, and Admission to the Coles College Undergraduate Professional Program or student in a Coles College Partner Program that includes this course.*

Analyzes the operation, structure, regulation, and control of financial markets emphasizing the effects on the level and term structure of interest rates, economic activity, and business decisions. Focuses on monetary theory, monetary and fiscal policies, the Federal Reserve System, and financial institutions, markets, and instruments.
