

## **PHE 4700: Advanced Internship**

### **1-6 Credit Hours**

*Prerequisite: Completion of Public Health Minor Core (PHE 2100 and WELL 2000), Adjusted GPA of 2.5, approval of the internship coordinator and/or program coordinator.*

The Public Health Minor Advanced Internship is designed to be the culminating capstone academic experience for students completing the core course requirements in the Public Health Minor Program. It is designed as a senior-level credit-earning experience of 1-6 credit hours at an approved public health internship site. Students work under the direct supervision of public health professionals and a university supervisor.

## **PHE 4710: Introduction to Public Health Education Internship**

### **0 Credit Hours**

*Prerequisite: Public Health major, and completion of 90 Credit Hours Concurrent:*

*PHE 4600 or PHE 4650*

This course is required in the semester prior to the PHE 4750 Public Health Internship course and will lead students through the requisite steps for applying and securing the capstone PHE 4750 internship placement.

Notes: Students should only take this course if they plan to register for the 12-credit internship option after successful completion of this course.

## **PHE 4720: Introduction to the Public Health Internship**

### **3 Credit Hours**

*Prerequisite: Public Health major and completion of 90 credit hours Concurrent:*

*PHE 4600 or PHE 4650*

This course is required the semester prior to the PHE 4750 Internship in Public Health and will lead the student through the requisite steps for securing the capstone PHE 4750 internship and preparing for their career and/or graduate school. Course topics include public health trends, certifications, professional ethics, liability, marketplace needs, and employment strategies.
