

Sociology Minor

Program Description

In a society dramatically reshaped by evolving social and technological forces, there is a need for a greater socio-cultural understanding. The Sociology minor provides students majoring in other disciplines with the knowledge and skills necessary to succeed in a radically changing and diverse interpersonal environment. It offers students the opportunity to fit information from their disciplines within a larger social framework.

This program is a part of the Norman J. Radow College of Humanities and Social Sciences.

Admission, Enrollment, and Graduation Policies
