

Psychology Minor

Program Description

The psychology minor is open to all undergraduate students. Students gain a basic understanding and awareness of behavior through a curriculum that emphasizes psychology as a science. By exploring individual areas of interest in psychology through a variety of courses, students learn information that will complement knowledge acquired through their major.

Note: Students using PSYC 1101 for the psychology minor may not use it to fulfill the Social Sciences of the General Education Core IMPACTS Curriculum.

This program is a part of the Norman J. Radow College of Humanities and Social Sciences.
